

ELI'S BRAWNY SONS OUTPLAYED CADETS

Harvard's Easy Victory Over Brown.
Other College Games.

West Point, N. Y., Oct. 28.—Yale's football team defeated West Point today, making three touchdowns and one safety. Yale's large score was made during sudden spurts, in which the heavy eleven threw West Point's defense aside with apparent ease and crossed the gridiron for touchdowns in a few mass plays.

Aside from these few minutes play, the game looked quite promising for West Point. Toward the close of the game, Yale's attack strengthened and sensational runs were continually made. The game was practically ended before the time limit by hundreds of enthusiastic spectators running out upon the field after Yale's last touchdown had been made on a 45 yard run by Quarterback Jones.

HARVARD OVER BROWN.
Cambridge, Mass., Oct. 28.—By straight, plugging football, with but few variations and a sturdy defense, Harvard scored a touchdown in each half against Brown today, but the first try at the goal was missed, while in the second the kick was spoiled by Denny, of Brown, running out and catching the ball. Two runs by S. C. Warrick, Brown's quarterback, for 20 yards each, were the longest of the game. The final score was Harvard, 20; Brown, 0.

NEW VARIETIES OF PALMS.
Mr. W. F. Nichols, territorial secretary, received from Col. Brodie, who is in the Philippines, a quantity of seed of four varieties of palm trees, that are natives of Manila and strangers in this part of the world. Mr. Nichols has turned the seed over to George H. Smith, the capital gardener, for planting when the proper time comes which will be some time in the spring. Some of the seed will be planted in the Capitol grounds and some of it experimented with elsewhere. It is not certain the palms will grow here, for some of the tropical varieties will stand no frost at all, but an effort will be made to raise them. Whether they grow or not, the seed is appreciated as an evidence that Col. Brodie retains an interest in Arizona, her handsome Capitol grounds and also in the efforts of his old time friends to build up and beautify.

Used Good Horse Sense When
He Said:

Interest's one of them things that keeps right on nights and Sundays. Interest starts the day you make your first deposit (no matter how small), with the Phoenix Building and Loan Association, toward the purchase of one of their seven per cent Gold Bonds. There's a sufficient inducement to persuade any business person to stick to the saving habit, still, in case of emergency, the funds may be withdrawn.

Many persons feel backward about starting to save with a small amount, putting the "start" off until they hope to have enough to make it "look like something." This is nonsense.

Few people have will power enough to refrain from spending money in pocket, so the "start" never comes.

We expect the very small amounts on the start. As some one has said, "There's a dollar at each end of a million; and the first one is the hardest and biggest to get."

Make the start today, or at least drop in and ask for interesting printed matter explaining the different plans of the Phoenix Building and Loan Association, at 42 North Center street.

A postal card addressed to R. H. Greene, Sec'y., will bring it to you, free, by mail.

Don't let next year find you in the same financial condition as at present. The earlier the start, the sooner the goal.

PRETTY WOMEN⁴, PROMINENT MEN CURED BY PE-RU-NA.

MISS ELEANOR GARDNER
155 State St., Salem, Ore.

BARON J. M. VENDENHEIM
125 G St., N.W. Washington, D.C.

REV. W. HOWARD FLORY
632 1/2 S Broadway,
Los Angeles, Cal.

Pe-ru-na Has a German Baron's Heartiest Endorsement.

Baron J. M. Vendenheim, 125 G street, N. W., Washington, D. C., writes: "For a long time, until I came into this climate, I had congratulated myself upon having a perfectly sound pair of lungs. But I began to have little coughs and annoying colds that shook my faith in my breathing apparatus. This continued two winters until I had lost health and strength to an alarming degree. Peru-na cured me and restored my strength. You are at liberty to use my heartiest endorsement of Peru-na as a medicine and tonic for colds, coughs and as a tonic."—J. M. Vendenheim.

Pe-ru-na Has Many Friends.

Miss Eleanor M. Gardner, 155 State street, Salem, Ore., writes: "I am very pleased with the results obtained from the use of Peru-na. A few months ago I contracted a severe cold and cough. After using a little more than two bottles of Peru-na the cold left me entirely. I shall know just what to take now when I contract a cold and will not let it get such a hold on my system. Your medicine has many friends and well deserved."—Eleanor M. Gardner.

As Sure as Fate.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, colds not promptly cured are sure to cause catarrh. Second, catarrh improperly treated is sure to make life short and miserable.

A Letter to Catarrh Sufferers.

Miss Mary Crawley, Treasurer LaGrange Kosmos Club, 241 S. Madison avenue, LaGrange, Ill., writes:

"I trust everyone suffering from systemic catarrh will read this letter, and will profit by it. I was in a very bad shape indeed when I began to take Peru-na, and my friends, as well as myself, were very much alarmed over my condition. I was nervous, slept badly, my food did me no good and I was always tired. I took three bottles of Peru-na and felt like a new woman. However, I did not stop there, and kept on taking it for a while longer and broke off gradually until I had taken eight bottles. Then I felt completely cured and have remained so since. I am glad to recommend Peru-na."—Mary Crawley.

The Destructive Power of Catarrh.

Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion. It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

The Curative Powers of Pe-ru-na.

There is no fact in medical science better established than that a teaspoonful of Peru-na before each meal will absolutely protect a person from catching cold. Now, if this is true (and there is no doubt of it), thousands of lives would

be saved, and tens of thousands of cases of chronic catarrh prevented, by this simple precaution within reach of every one.

Peru-na is not simply a palliative to relieve some of the distressing symptoms. It is a permanent and radical cure.

Thousands of Testimonials.

We have on file many thousands of testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peru-na.

Rev. Flory Much Pleased With Pe-ru-na.

Rev. W. Howard Flory, 632 1/2 S. Broadway, Los Angeles, Cal., a minister with Progressive Brethren, a branch of the Dunkards, also a lecturer and a leader in reform movements in connection with capital and labor, writes: "I am very much pleased with Peru-na, as it cured me of catarrh which I had suffered with for many years, and which I thought I would never be rid of. All the medicines I had taken only relieved me for a short time and I was pretty discouraged when I began using Peru-na. A few doses convinced me it was doing me much good, and when it finally cured me and there was no catarrh left in my system it seemed all too good. I find that my cure is permanent and I shall guard against another case of catarrh by taking Peru-na as soon as I contract a cold."—W. Howard Flory.

Suffered Several Years—Health Restored by Pe-ru-na.

Mrs. Elizabeth Reuther, 107 West 40th street, New York City, member board of Directors North End Ohio Association, writes: "I am pleased to endorse Peru-na as a splendid medicine for catarrh and stom-

ach trouble from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."—Elizabeth Reuther.

AN OHIO OUSTING MOVEMENT BEGUN

Proceedings to Deprive the New York and Mutual of Franchises

Akron, Ohio, Oct. 28.—Quo warranto proceedings were commenced in the circuit court here this afternoon by Prosecuting Attorney Hazelbarger on the advice of ex-Attorney General Monnett of Ohio, against the Mutual Life Insurance company and the New York Life Insurance company to oust them from the state by taking their franchises from them, on the ground that the companies have misused their powers for the past five years in violation of the laws of the state.

Where the Powers Will Try to Torment Turkey.

Vienna, Oct. 28.—It is announced that the powers have decided to make a demonstration against Turkey's Asiatic, not her European, ports, in order to avoid the appearance of giving encouragement to the Macedonian insurgents, and that simultaneously a collective note will be presented to Turkey.

THE SECRET OF YOUTH.

De Soto looked for the secret of youth in a spring of sparkling, life-giving waters, which he was sure he would find in the New World. Alchemists and sages (thousands of them) have spent their lives in quest for it, but it is only found by those happy people who can digest and assimilate the right food which keeps the physical body perfect that peace and comfort are the sure results.

A remarkable man of 94 says: "For many long years I suffered more or less with chronic constiveness and painful indigestion. This condition made life a great burden to me, as you may well imagine. Two years ago I began to use Grape-Nuts as food, and am thankful that I did. It has been a blessing to me in every way. I first noticed that it had restored my digestion. This was a great gain but was nothing to compare in importance with the fact that in a short time my bowels were restored to free and normal action. The cure seemed to be complete; for two years I have had none of the old trouble. I use the Grape-Nuts food every morning for breakfast and frequently eat nothing else. The use has made me comfortable and happy, and although I will be 94 years old next fall, I have become strong and supple again, erect in figure and can walk with my body and enjoy life." Name given by Postum Co., Battle Creek, Mich. "There's a reason." Read the little book, "The Road to Wellville," in every pkg.

CLASH OF AUTHORITY

The Denver Judiciary Involved in a Mixup.

Denver, Oct. 28.—Two judges of the district court of this county came into conflict today over cases of seven action keepers charged with keeping their places open after midnight and permitting poker games therein. District Attorney George Stinger directed the order of Judge Frank T. Johnson, who caused the arrest to be made, to file information in his court against the accused men, and filed them instead in the criminal division of the court before Judge Peter L. Palmer, who ordered their release on furnishing \$200 bond in each case. Judge Johnson, however, remanded the prisoners to the custody of Sheriff Nisget without bail. Later in the day the supreme court ordered the release of the seven men. Judge Johnson informed the supreme court that he would discharge against District Attorney Stinger in an effort to have him removed from office for failure to prosecute.

COTTON CONSPIRATORS.

It is Found that They Committed No Crime.

New York, Oct. 28.—United States Commissioner Ridgeway today discharged from custody Frederick Peckham and Moses Hays, who were charged with having conspired with Edwin S. Holmes, Jr., to defraud the government by securing advance information of the government's cotton report. Commissioner Ridgeway held that neither of the men had committed a crime within the meaning of the statutes.

Forty-three wounded Moros were captured. Three enlisted men of the Third cavalry were killed and two wounded.
